

# March 2008

## Human Body, Health & Safety, and Asia

During the month of March, the children will be learning about the Human Body and Asia.

While studying the Human Body, we will be focusing on the following:

- Life cycle
- Parts of the body
- Digestive System
- Food Pyramid
- Skeletal System
- Family Tree
- The Five Senses
- Central Nervous System

### Reminders

- Show & Tell is on Fridays.
- Please be sure to take your child's nap sheets and blankets home at the end of the week and return them. Licensing states that any child napping must have a sheet and blanket.
- Please write your child's name in their sweaters and jackets.

While studying Asia, we will be focusing on the following:

- Culture
- Food
- Symbols
- Animals
- Landmarks
- Countries

### News

- Thank you to all the volunteers who helped with our trip to the Target Garden Center.
- Check out all our beautiful flowers on our front patio!
- We also planted a cactus garden in our classroom.

If you have any books at home that relate to our studies this month, please feel free to have your child bring them in to share with the class. Please be sure to have your name in the books so that we can be sure it gets back to the correct family.

### Helpful Hints

- Counting games - Counting cars on the road, flowers in the yard, street lights until home.
- Sound recognition - Play I Spy using beginning sounds, while driving around town or even in your yard.
- Cooking together - With all the practical life skills the children have learned they are able to help in the kitchen. Studies show that children are more likely to try something new if they have helped
